

## CAR-ROCKER™

### Portable Pocket Vibrator Assembly

Part #	Vibrator
16-17119	50
16-17120	60
16-17121	70

The **Car-Rocker** is a dual roller pneumatic vibrator, ideal for applications that require high frequency and high force. This **WORKMASTER** dual roller vibrator assembly is one of the original heavy-duty vibrators specified for unloading railcars. With only three moving parts (vane, inner and outer rollers), the vibrator has a long wear life and requires little maintenance. Equipped with a comfort grip side handle, the **Car-Rocker** is easily positioned in the pocket or moved from car to car. With two models available, the **Car-Rocker** is guaranteed to energize stubborn material, and promote complete and rapid flow of any material.

PERFORMANCE DATA		FREQUENCY (VPM)			FORCE OUTPUT (LBS)			AIR CONSUMPTION (CFM)		
ASSEMBLY	UNBALANCE	40 PSI	60 PSI	80 PSI	40 PSI	60 PSI	80 PSI	40 PSI	60 PSI	80 PSI
50	1.4	8200	11000	14000	3074	5500	7020	40	54	60
60	3.4	7600	10000	12500	5446	8700	10395	32	49	52
70	5.2	4600	6300	11000	3144	5800	14580	48	60	68
